DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 13, 2006 has been entered.

Allowable Subject Matter

2. Claims 1 – 25 are allowed.

The following is an examiner's statement of reasons for allowance:

- The Examiner found Applicant's arguments persuasive, and considers that the references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations discussed in the previous Office Action mailed on January 13, 2006, and further comprising the limitations of **(With respect to claims 1 and 13)** the vanes being oriented generally parallel to a direction of flow of the exhaust gas pulses and configured to

reduce turbulence in the exhaust gas pulses flowing past the vanes to reduce noise generated at the exhaust pipe discontinuity; and the passageway being substantially unobstructed in a proximity upstream of the vanes so that the flow is substantially unobstructed before impacting the vanes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
